- English (C1)
- German (B2)

About Me

As a skilled student currently in my second year in Bachelor of Software Engineering at Faculty of Mathematics and Informatics in Sofia, I always want to enrich myself in the field of programming whenever I can.

I am passionate programmer with 1 year of experience in C++ and 2 years of experience in .NET, SSMS, HTML and CSS. Currently improving my skills in Go and building web servers. Keen on designing and developing my own software projects/products.

Education

Faculty of Mathematics and Informatics	BSc in Software Engineering 2023-2027
High School of Profiled Science and Mathematics "Nikola Obreshkov"	Software and Hardware Sciences 2018-2023
